I am **Tina**. I am in grade 7. I have many habits, I learn dance, mostly ballet and contemporary.

I also learn instruments, guitar and piano. Instrument needs practice , I am just too busy.

I take cooking classes during summer holiday, and dessert class during winter holiday. I love eating, so as my mom. So she push me to learn. I just started.

And I enjoy sports, too. I play basketball, I can't play it really well but I am learning the skills.
